Panelle birebir renk uyumu. Tek bir kartela, dört ürün.

Furndiy kendinden yapışkanlı PVC ürünleri, mobilya panellerindeki montaj noktalarını panel yüzeyiyle aynı renk ve dokuda kapatır. 2026 sezonundan itibaren vida tapası, kablo kanal kapağı, rafix tapası ve tesisat tapası ürünlerinin tamamı ortak **81 renklilik kartelayı** paylaşır; kenar bandı ve dekor koduyla birebir eşleşme sağlanır.

Furndiy self-adhesive PVC products cover assembly points in the same colour and texture as the panel surface. From 2026, screw covers, cable channel covers, rafix covers and utility covers all share one common **81-colour range**, matched to edge-band and decor codes. Felt and EVA pads keep their own solid colour options.
